THE NALSAR MBA 2023-25

DEPT. OF MANAGEMENT STUDIES

FROM THE VC'S DESK

The MBA program offered by the Department of Management Studies (DoMS), NALSAR University of Law has been making rapid strides of progress since its inception in the year 2013.

The Department has been in a constant dialogue with the industry, which has made the program highly industry relevant. Since the last few years, the Department has been emphasizing on nurturing level-5 leadership through its curriculum and environment. Keeping this in view, the MBA program is embedded with fine shades of law, political science, psychology and management.

The latest curriculum of the MBA program motivates the students to approach problem-solving through a comprehensive multi-perspective problem solving approach. All members of DoMS are active in research and are constantly trying to integrate the curriculum with the real world challenges.

With recent changes, it is undeniable that the macro environment is uncertain, highly ambiguous and far from ideal. The challenges before us are not conventional and run of the mill solutions would no longer be useful. These circumstances suggest that businesses require leaders who can demonstrate professional will and personal humility to navigate through this challenging environment. I am sure the level-5 leaders emerging from MBA can be of great help to businesses and the society.

Wishing you the best.

Professor Srikrishna Deva Rao
Vice Chancellor
